

***Temptation***

With nodding head,  
Smiling face,  
And with ever bouncing  
Hands and legs,  
He – the successor of Adam  
Pretends to be a misogynist.  
But  
His heart longs for  
The glance of the heartless girl.  
It allures him  
To follow her.  
But she never keeps an  
Eye on him.  
Because,  
She is the partisan of Eve.

***Doggy***

Once I was a free pup  
Cheerful playful like a kid  
Out from my mother's arms  
There I sprang  
Out in the flowerbeds out in the lawns  
A sparkling valiant girl I was.  
Ha! Ha! Ha! Ha! Ha!  
Happy and lovely were those days.  
But soon came an onslaught  
In the form of a chain  
My groom brought me one  
And bound me with it  
I was happy then  
Disdaining the oncoming time of life.  
But I was soon kenelled.  
Yes, he chained me by his chain.
